

## **Re-imagining the church building**

*The PCC are considering how the church building should be used in the future, taking into consideration the need to maintain liturgical and choral worship alongside more creative services and events such as Messy Church and concerts, etc.*

*We are very concerned to uphold the integrity of the building but realise that there are some facilities that it would be helpful to have, i.e. – a toilet in church, a designated kitchen area and possibly a space that can be used independently by Junior Church, Book Group, or a community group, etc.*

*The PCC are also aware of the need to be mindful of our carbon footprint and take seriously the command to be good stewards of creation. There are possibilities to rethink our current heating system.*

*We would like to ask our regular worshippers what they consider to be the priorities for the church building. Below I have listed some considerations. Please would you take a minute to think about what is important to you, and if possible, to say why? Also, out of the list, what to you stands out as the most important need to address? Thank you in advance for taking the time to do this.*

***Revd. Mandy Maxwell on behalf of Trumpington PCC (6<sup>th</sup> February 2022)***

### **Future Considerations**

Please tick and rate in importance: **0-5 (0 – not interested, 5 an urgent priority)**

- Need for separate space (soundproofed and heated) for groups (south chapel/ chancel/ etc.)
- Toilet in church
- Kitchen facilities: proper sink, designed storage, work surfaces, power points
- Updated heating system with sustainable heat source(s)
- Parking space for buggies/wheelchairs
- Easier wheelchair access
- Designed, good quality storage
- Flexible Space for creative worship; i.e., better facilitation of Messy Church/ Third Sunday Service/ church use by community groups
- Recovering the nave roof (which has an estimated life-expectancy of 10-15 yrs).

***Please return to the Bakehouse or give to the Vicar or Churchwarden by March 31<sup>st</sup>, 2022.***
