

August 2020

Reflection for the Month

This week I'm posting some homework. I have received this worksheet in a mail package from Bishop Stephen and thought that it would be good to share more generally.

The worksheet is designed to take stock of all that has happened since lock-down and reflect on the more positive things that have arisen from it.

I need say no more, but if you want to share any of your responses to the questions with me, please do email Mandy on stmarystmichael55@gmail.com.

I am away on holiday in August but will have access to a WiFi signal intermittently!

Homework posted on a separate PDF
